

Frequently Asked Questions

FQ-DSU #00028

September, 2000

Question: *My Caller ID information is not displayed on any of the telephones that are set to delay ring. How can I change this?*

Resolution:

1. Caller ID information will appear on the LCD screens during the ringing cycle to any telephone station set to direct ring.
2. Any telephone station set for delay ring the Caller ID information will only appear after the caller is answered.
